Editorial

Dear readers, scholars, and colleagues,

It gives me immense pleasure to welcome all to explore/ publish/ comment in/ on our journal, the Journal of Nepal Mathematical Society (JNMS)

We intend to publish high quality theoretical results, mathematical models and algorithms, new case reports, review articles, short communications in any field of pure and applied mathematics. The journal also includes the original mathematics papers devoted to the mathematical sciences with mathematical applications to real life problems, like physical science, biological science and applied sciences.

Our main emphasis is to promote scientific papers of good quality and we extend our boundaries right from different disciplines of mathematics. With clear intentions we welcome you to post comments related to the journal by sharing your valuable time and request and invite research scientists/ scholars nationally and internationally to send their papers for the upcoming issues.

In closing my message, as an editor-in-chief, I would like to thank all the authors for their contributions. I also appreciate the voluntary work of all reviewers as well as the remarkable efforts of the editorial committee, managing committee and all well-wishers, who are promoting this journal.

With these words, I conclude and promise that the standard and the policies of the journal will be maintained.

We thank to Mr. Ananda Krishna Shrestha (Sukunda Pustak Bhandar, Kathmandu, Nepal) for the financial support on publication of the Journal in the print form.

Editor-in-Chief
Prof. Dr. Chet Raj Bhatta
